

**REMARKS/ARGUMENTS**

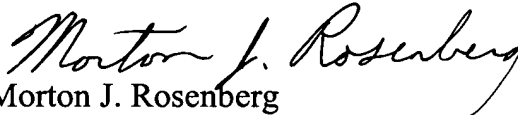

This case has been reviewed and analyzed in view of the official action dated 3 May 2004. In the Official Action it has been noted that Figs. 10(f) and Figs. 10(g) described in the specification was not included in the drawings. In fact, this was a typographical error made by the Applicant and there are only Figures 10(a) through 10(e). All of these drawings appear in the Application as filed.

By this Preliminary Amendment, the Specification has been amended to read "FIGS. 10(a) – 10(e)" in the Specification's brief description of the drawings.

It is now believed that the subject Patent Application has been placed in condition for examination and such action is respectfully requested.

A copy of the Notice of Omitted Item(s) in a Nonprovisional Application is attached to this Response and Amendment.

Respectfully submitted,
